Summary:

Would create the Small System Water Authority Act of 2018 and state legislative findings and declarations relating to authorizing the creation of small system water authorities that will have powers to absorb, improve, and competently operate noncompliant public water systems. The bill, no later than March 1, 2019, would require the state board to provide written notice to cure to all public agencies, private water companies, or mutual water companies that operate a public water system that has either less than 3,000 service connections or that serves less than 10,000 people, and are not in compliance with one or more state or federal primary drinking water standard maximum contaminant levels as of December 31, 2018, and for 4 consecutive quarters, as specified.

Subject: LAFCo Administration, Municipal Services, Water

CALAFCO Comments: This bill is sponsored by Eastern Municipal Water District and the CA Municipal Utilities Assoc. The intent is to give the State Water Resources Control Board (SWRCB) authority to mandate the dissolution of existing drinking water systems (public, mutual and private) and authorize the formation of a new public water authority. The focus is on non contiguous systems. The SWRCB already has the authority to mandate consolidation of these systems, this will add the authority to mandate dissolution and formation of a new public agency.

LAFCo will be responsible for dissolving any state mandated public agency dissolution, and the formation of the new water authority. The SWRCB's appointed Administrator will act as the applicant on behalf of the state. LAFCo will have ability to approve with modifications the application, and the new agency will have to report to the LAFCo annually for the first 3 years.

CALAFCO continues to work with the author and sponsor on additional amendments including giving the authority to levy fines to the SWRCB (rather than the LAFCo); addressing process and timing issues/details; ensuring proper LAFCo funding language (a more generic statement rather than a not-to-exceed amount), and other issues.

Summary:

The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 specifies the factors that a local agency formation commission is required to consider in the review of a proposal for a change of organization or reorganization, including, among other things, the proposal’s consistency with city or county general and specific plans. This bill would require the commission to consider information contained in a local hazard mitigation plan, information contained in a safety element of a general plan, and any maps that identify land as a very high fire hazard zone or maps that identify land determined to be in a state responsibility area if it is determined that such information is relevant to the area that is the subject of the proposal.

Subject: Climate Change, Growth Management

CALAFCO Comments: This bill seeks to add another factor for LAFCo consideration in the review of a proposal. That factor is information contained in a local hazard mitigation plan, information contained in a safety element of a general plan, and any maps that identify land as a very high fire hazard zone pursuant to Section 51178 or maps that identify land determined to be in a state responsibility area pursuant to Section 4102 of the Public Resources Code, if it is determined that such information is relevant to the area that is the subject of the proposal.

The bill also adds two non-LAFCo-related sections pertaining to the update of a housing element.

This bill is in response to the rash of wildfires throughout the state over the past several years and the ongoing threat of same as a result of climate change.

Summary:

Current law establishes the Strategic Growth Council in state government and assigns to the council certain duties, including providing, funding, and distributing data and information to local governments and regional agencies that will assist in the development and planning of sustainable communities. This bill would require the Strategic Growth Council, until January 1, 2024, to establish and administer a local agency formation commissions grant program for the payment of costs associated with initiating and completing the dissolution of districts listed as inactive, the payment of costs associated with a study of the services provided within a county by a public agency, and for other specified purposes, including the initiation of an action, based on determinations found in the study, as approved by the commission.

CALAFCO Comments: This is a CALAFCO sponsored bill following up on the recommendation of the Little Hoover Commission report of 2017 for the Legislature to provide LAFCos one-time grant funding for in-depth studies of potential reorganization

of local service providers. CALAFCO is working with the Strategic Growth Council (SGC) who has agreed to administer the grant program. Grant funds will be used specifically for conducting special studies to identify and support opportunities to create greater efficiencies in the provision of municipal services; to potentially initiate actions based on those studies that remove or reduce local costs thus incentivizing local agencies to work with the LAFCo in developing and implementing reorganization plans; and the dissolution of inactive districts (pursuant to SB 448, Wieckowski, 2017). The grant program would sunset on December 31, 2023.

The bill also changes the protest threshold for LAFCo initiated actions, solely for the purposes of actions funded pursuant to this new section. It allows LAFCo to order the dissolution of a district (outside of the ones identified by the SCO) pursuant to a majority protest (mirroring existing language in Government Code Section 57077.1.c). For all other changes of organization or reorganization pursuant to this section, the threshold would be 25% rather than 10%, in accordance with Government Code Section 57075.

A separate budget ask of \$2 million over 5 years is being done as a companion to this bill.

Summary:

Would authorize the formation of a district by the adoption of a resolution of application by the legislative body of any county or city that contains the territory proposed to be included in the district. The bill would require the resolution to contain certain information, including the methods by which the district would be financed. The bill would require a public hearing before the adoption of the resolution, as provided.

CALAFCO Comments: This bill would expand the process of initiating the formation of a regional pack and open space district by adding that a local governing body may adopt a resolution proposing to form a new district. This would be in lieu of having a 5,000 signature petition. The LAFCo process remains intact.

The intent of this bill is to create an easier way to proposed the formation of these types of districts, thereby removing the need for special legislation to do so. The bill is author-sponsored.

Summary:

The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 (the Act) provides the authority and procedure for the initiation, conduct, and completion of changes of organization, reorganization, and sphere of influence changes for cities and

districts, as specified. Current law defines various terms for purposes of that Act, including the terms "affected territory" and "inhabited territory." This bill would revise those definitions to include territory that is to receive extended services from a local agency, and additionally define the term "uninhabited territory" for purposes of the Act.

Summary:

This bill would authorize the State Water Resources Control Board to order the provision of sewer service by a special district, city, or county to a disadvantaged community, as defined, under specified circumstances. By authorizing the state board to require a special district, city, or county to provide sewer service, this bill would impose a state-mandated local program.

Position: Watch With Concerns

Subject: Disadvantaged Communities, Water

CALAFCO Comments: As amended, this bill authorizes the State Water Resources Control Board (SWRCB) to mandate extension of service or consolidation of wastewater systems - both public and private, under certain circumstances. The process mirrors the process set forth in SB 88 giving the SWRCB authority to mandate the same for drinking water systems.

The current version includes a number of amendments that address previous CALAFCO concerns. However, there is an outstanding issue of annexing territory to which services were extended into a city. (The bill does now call for a mandatory annexation into a district should the services be extended by them.)

Summary:

The California Safe Drinking Water Act authorizes the State Water Resources Control Board to order extension of service to an area within a disadvantaged community that does not have access to an adequate supply of safe drinking water so long as the extension of service is an interim extension of service in preparation of consolidation. The act defines "disadvantaged community" for these purposes to mean a disadvantaged community that is in an unincorporated area, is in a mobilehome park, or is served by a mutual water company or small public water system. This bill would redefine "disadvantaged community" for these purposes to also include a disadvantaged community that is served by a state small water system or domestic well.
